

Partners of the IALCCE 2016 symposium.

About partners

What is a partner?

A partner of the symposium will contribute to the success of the symposium by advertising the symposium in their network. Partners will be non-commercial organizations like (inter)national associations and foundations ("Partners") and Universities ("University Partner").

Why being a partner?

Partners will get the opportunity to give people in their network (members) a stage to disseminate their knowledge and connecting state of the art knowledge. This will influence direction of future developments and research. During the symposium the name of partners and supporting universities will be visible.

What does a partner do?

A partner or a supporting university will use its own network to spread IALCCE 2016 information in different ways.

How to become a partner?

E-mail to: partner@ialcce2016.org

Partnership	Obligations	Benefit
University Partners	Send 3 to 5 E-mails with IALCCE 2016 information (call for papers, reminders, program, etc.) to selected (PhD) students and scientific personnel and/or flyer distribution in University and or interview with IALCCE chair in Newsletter / Magazine.
